A SERIES

2.9x3.9 Miniature Type Horizontal Push Tact Switch

Features

- Suitable for high-density mounting.
- Reflow solderable
- Horizontal type capable of operating in horizontal to PC board
- Packaged with a 12mm wide embossed taping.

HOW TO ORDER THA Package Style Serial Number B=Bulk R=Reel 08=U type **Terminal Distance** 09=Flat (only for TVAF09) =5.0mm 2=4.8mm Termination Type Auxiliary Type Attach Characteristics **Operating Force** U=U type ☐ =Black Base A=Base With Pilot B=180gf C=250gf W=White Base N=Non Pilot F=Flat

Applications

- For operating various mobile devices
- For operating various devices that require high density mounting such as mobile phones, communication devices, compact electronic devices

Specification

Items Operating temperature range		Standard -30°C to +85°C	
Insulation resistance	100MWmin. 100V DC		
Dielectric strength	250V AC for 1 min.		
Contact resistance	100mWmax.		
Durability	lity Lifetime 100,000 Cycles min.		
Mechanical performance	Operating force	B:180gf C:250gf	
	Travel	0.20 ± 0.1mm
